

# ELF TRAIL CLUES FOR PARENTS AND GUARDIANS.

There are 15 elves to find, all holding a letter to spell out the name of Eddie's favourite film. Some of the cheeky elves are also keeping their candy canes in the shop windows - if you can count those too, fill in the total number of candy canes at the bottom of this form. There are a few decoy elves too that you might spot out and about, but these are the 15 shop windows you need to find, all with a cheeky elf on display! The route starts at number 1 outside the Town Hall and finishes at Riverside Walk, Exchange St. Good luck Elf Hunters!
